

Block F Certificate

Audit the Internal Audit

VERDICT: PASS

Scope

Audit the manuscript's own internal audit / self-verification for coverage gaps and circular reasoning.

Method

Reviewed the internal audit for full coverage and confirmed it is non-premise (does not assume what it purports to check).

Findings

- Internal audit shows **full coverage** of the claim set.
- Internal audit is **non-premise** (no circular dependence on the conclusions).

Evidence pointers

RESULTS/blockF_audit_the_internal_audit/README.md

Full coverage; non-premise

Attestation
