

## Block E Certificate

Scope: copied internal scripts re-run plus static scan.

Rerun result: 4/4 scripts rc=0 after local dependency install.

Coverage boundary: this necessarily reuses target scripts for E1.

Evidence SHA256: cf2fabf5d177533fd4667882ae4c9e33b376d6614038575e517b25ccfea3f7ed
